CTI are pleased to announce the release of a new Chris & Cosey live album. This new C&C release is noteworthy for a number of reasons:

It includes fantastic new versions of 13 classic C&C tracks recorded live at the 'CC Luchtbal' in Antwerp, November 2002.

It is an enhanced CD that includes 17 minutes of video clips.

It is presented in a fabulous glossy foldout digipak sleeve.

It will be the last previously unreleased Chris & Cosey album!

Shocking as it may seem, after this new CD there will be no further new releases by Chris Carter and Cosey F. Tutti as Chris & Cosey.

From September 2003 Chris & Cosey will be performing and releasing all new material as Carter Tutti.
